PA- PFOS.PFOA- I think Cecil knows what's going on, but here is the short version

EPA continues working with the Air Guard and Navy and the impacted water systems in the vicinity of Warminster, Warrington and Horsham water systems. Navy and Air Guard are paying for treatment to be installed and sampling and hook ups for private wells impacted. PADEP is sampling in the Doylestown area and investigating newly identified values above the health advisory in the Perkasio, PA area. The wells are being re-sampled to verify values. (The Perkasio public wells closer to the airport not previously above detection and closer to the Airport than the North Penn wells recently sampled.) Also working with Aqua PA to investigate values found in their wells/ surface water intakes.

WV PFOS/PFOA- continue to work toward an agreement with DuPont Chemours to expand sampling and treatment for homes and water systems impacted below the provisional health advisory but now above the new Health Advisory. Martinsburg area being investigated by the State in the vicinity of the airport.

Karen,
Will you have the latest on PFOA/PFAS today?
Thanks.
Tom

All,
Please see the issues identified below for the upcoming ECOS conference.
A couple of sentences or a paragraph is all that is needed for each issue.
Please send to me by mid-day Monday, Sept. 19, and I'll coordinate the submission to the 16th floor.
Thanks.
Tom

Hello C2s!

Cecil Rodrigues will be attending the annual Environment Leadership Council meeting beginning on September 26. This year the meeting is in West Virginia's northern panhandle. You can have a look at the agenda here:
<http://www.ecos.org/wp-content/uploads/2016/08/Fifth-Draft-Agenda-1.pdf>

We need your help in pulling together Hot Issues for Cecil, who wants only very brief synopsis on each issue (couple sentences, no more than a graph.)

Here are Hot Issue topics identified by liaisons that need your help in updating - and of course please add any issues you think appropriate.

MD

Baltimore task force clean water roundtable - **WPD**

Md air transport litigation - **APD**

DE

Newark well fields NPI listing -**HSCD**

126 petition -**APD**

Renewable fuel standard - **APD**

PA

Air issues - **APD**

Ag/CPB Goals (reboot)- **WPD**

PFOA/PFAS- **WPD**

Pipeline issues EIS & EPA's role - **EAID**

WV

PFOA/PFAS - **EAID**

NPL sites added - **HSCD**

Axial/mercury - **LCD**

MVD communities regional overview - **EAID**

ORD update appropriate as Dave Paylor will participate in a panel on **ORD**.

Lets shoot for COB Monday 19th back to me, please.

~Mark
